## ON THE BALCONS ARDÉCHOIS ROUTE

Overlooking a large meander of the Doux River, Boucieu-le-Roi, labeled as a 'Village of Character,' is one of the villages where it's a pleasure to stroll. Let yourself be guided through the narrow streets and observe the many remnants of its past. The village is a gateway to the 'Doux Duzon Daronne' Sensitive Natural Area. The story continues in this beautiful commune, which perfectly aligns with sustainable development.

Starting from the Boucieu-le-Roi train station, the Vélorail offers 4 panoramic routes ranging from 8 to 20 km on the railway line overlooking the Gorges du Doux. Smart: the ascent is by train!

From 2 to 8 departures per day during the season. Open from April to November.

For information and reservations: [www.velorailardeche.com](http://www.velorailardeche.com)

The Tourist Office is also labeled 'Accueil Vélo'!

Visit the offices in Tournon-sur-Rhône, Tain-l'Hermitage, Saint-Félicien, or Saint-Donat! You'll find a repair kit, a pump to inflate your tires, or even a place to recharge your battery during the Tourist Office's opening hours.

Our travel advisors will be happy to assist you and answer all your questions!
